

2003 FLEET SAFETY SEMINAR

An examination of current issues & future directions

12 November 2003
Brisbane, QLD

2003 Fleet Safety Seminar

With the aim of encouraging collaborative networks and a national approach to work-related road safety, the Centre for Accident Research and Road Safety - Queensland (CARRS-Q), and Queensland Transport will be hosting the *2003 Fleet Safety Seminar: An Examination of Current Issues and Future Directions*.

The seminar will explore the various components of the full spectrum of fleet safety, with a focus on integration and advocacy. This will be relevant to government and non-government officials and consumers in the field of fleet safety, from risk assessment through to research, planning, program implementation, and education. Unfortunately, numbers are limited and attendance is by invitation only.

2003 FLEET SAFETY SEMINAR

Wednesday 12 November 2003

Novotel Brisbane, 200 Creek Street, Brisbane, Queensland

The *2003 Fleet Safety Seminar: An Examination of Current Issues and Future Directions* is an important step toward the goal of reducing death and injury on Australian roads. This year's seminar will feature local and international speakers and an interactive panel session.
